### Manual Flywheel slicer mod. 300K

New in our range of slicers our manual flywheel slicer diam. 300mm. is compact but functional and even more elegant and vintage.

With a good cutting's capacity it's very easy to clean.

Discover the new manual flywheel slicer 300K and visit our website [www.noaw.it](http://www.noaw.it) where you'll find more photos and details of our new FLYWHEEL 300K but also details of the complete range of our manual and electrical slicers. **Ask our Staff Price list 30 rev.02**

MANUAL FLYWHEEL SLICER 300K

*In order to make our slicers even more unique and precious, the olive knobs kit is now available!*

*"Tradition  
does not consist in  
preserve the ashes but  
keeping the flame  
alive."  
(Jean Jaurès)*
